

FORMFIT® KNEE HINGED

The Formfit Knee brace is for patients suffering from mild to moderate strains, sprains or ligament tears (ACL/PCL/MCL/LCL). It provides excellent stability, protection and compression during injury recovery. Made from strong and breathable materials it offers comfort while remaining highly durable. The open popliteal area reduces material bulging and potential irritation, while the malleable rigid hinge arms provide an intimate fit.

The Formfit Knee brace comes in either a wrap or a sleeve version.

INDICATIONS FOR USE

- Mild to moderate ACL and PCL tears
- MCL and LCL tears
- Combined mild knee sprains and strains
- Instabilities of the knee

FEATURES AND BENEFITS

- Breathable material
- Easy pull-on
- Malleable hinges
- Universal buttress
- Open popliteal area

REQUIRED MEASUREMENTS

- Knee circumference at mid-patella
